On the body of a woman floating in the bay at St. Michael's, Alaska, drafts and gold to the amount of \$15,000 were found. The body was identified as that of a woman known in Lower Yukon as "Becky." The money was turned over to the federal authorities, and an effort is being made to trace the heirs of the unfortunate. "Becky" had been employed as a domestic in Seattle. Several years ago she went to Rampart, on the Yukon, started a boarding house and made a large profit. She was returning to the United States when she fell off the wharf and was drowned.

THIRTEEN KILLED IN COLLISION.

Freight and Work Train Meet Head On and Casualties Are Many.

In a collision between a freight train and a work train on the Chicago, Milwaukee and St. Paul Railway, four miles east of Collins, Iowa, eleven men were killed outright, two have since died and about thirty were injured seriously. The trains came together in a deep cut and on a sharp curve, when it was impossible for either engineer to see the other train more than three or four car lengths away. Each train was making good speed, the freight to make up lost time and the work train to reach a point to meet the freight. The flat cars on which the laborers rode were telescoped and the men thrown in all directions and buried under the debris. It is said the wreck was due to a misunderstanding of orders on the part of the conductor of the work train.

SLEEPS TWO WEEKS AND DIES.

Doctors Pronounce Aloysius Reiss' Case as Uræmic Poisoning.

After sleeping two weeks, Aloysius Reiss has died at Trenton, N. J. He had been in a continuous state of somnolence, never waking but once when his wife was moving him, and in doing so pained him by twisting his back. "You hurt me," he calmly remarked, and sank back again into his death-like sleep. The attending physicians say Reiss was a victim of Bright's disease and that his apparently long sleep was uræmic poisoning.

FATHER KILLS HIS SON.

Joia, Kan., Man Shoots Boy Who Abused Him While Drunk.

T. F. Kirby shot and killed his son, J. W. Kirby, in Joia, Kan., as the result of a quarrel. The father says that he shot in self-defense, as he was attacked with a razor. Another son, who was the only witness to the shooting, refuses to discuss it. The dead boy had been drinking and started the trouble by abusing his father and brother.

Big Lake Boat Goes Down.

The steamer City of Venice was struck and sent to the bottom of Lake Erie in fifteen minutes by the Canadian steamer Sequin off Point Rondeau. Three of the Venice's crew went down with their ship. The lost steamer was bound down Lake Erie from Lake Superior with a cargo of 2,500 tons of iron ore. Many of the passengers of the ill-fated ship jumped overboard in the panic following the collision, but were saved.

Great Co-Operative Concern.

Kansas City is to be the center of the greatest co-operative movement in the world, it is predicted. George F. Washburn, the Boston millionaire who is at the head of the People's Trust Company of New England, and Walter Freeman, owner of the Western Co-Operative Association, have decided to merge the associations.

Kidnaped Boy Is Found.

Charles Gardner, who was kidnaped by two tramps ten years ago, when 12 years old, from his home near Quincy, Ill., met his father in Wichita, Kan., by accident. Young Gardner says the tramps took him to Fort Worth, Texas, where he was compelled to beg. He finally escaped.

Two Yachts Wrecked by Gale.

A northwest gale swept Lake Michigan, wrecking two yachts and causing big waterspout near St. Joseph, Mich.

Man and Wife Found Dead.

The bodies of John W. Kirby, a farmer, and wife were found in bed at their home, three miles north of Burden, Kan. Each had a bullet hole through the head and a revolver with two empty chambers was lying on the man's body. All indications point to suicide.

Tracy Kills Himself.

Harry Tracy, the bandit, shot himself and died almost instantly in a wheat field near Fellows, Wash. He was surrounded by a posse which had been successfully held at bay for hours.

Drowned in Kennebago.

News reached Farmington, Me., that three persons were drowned in Kennebago stream near Moosebrookmeiguntic Lake. A party of two men and two women went to Indian Rock in a boat for mail. Only one man returned, and he was in such mental condition that he could tell no details.

Ohio Postoffice Is Robbed.

The safe in the postoffice at Niles, Ohio, was blown by cracksmen, who got about \$100 and 2,000 stamps. The safe was wrecked and the office badly damaged. The robbers, three in number, escaped in a buggy.

BIG NOTES LOST IN MAIL.

Paper Valued at \$25,000 Missing Between Boston and Lowell.

The Boston postal authorities are much disturbed over the loss of a letter containing \$25,000 worth of notes which was mailed in that city to Lowell on Wednesday. The notes were indorsed by H. B. Clapp, Co. and Blake Brothers, bankers. The letter was mailed as is usual in the case of correspondence between banks and bankers of different cities, a special delivery stamp being affixed. Had it taken the usual course in the transmission of mail between Boston and Lowell it should have been delivered on Wednesday afternoon. Investigation by the postal authorities at Lowell showed that the letter never had reached the postoffice in that city and the postal inspectors have failed to trace it. Banks and financiers generally have been cautioned against making delivery on the notes, which are signed by the Joseph H. Bland & Company of Brooklyn, N. Y.; the Fallett Dry Goods Company of Sioux City, Iowa; the Columbus Dry Goods Company of Columbus, Ohio; the People's Store Company of Tacoma, Wash.; and the Stewart Dry Goods Company of Louisville, Ky.

ROOMMATE GOT THE BRIDE.

Marion, Ind., Merchant's Wedding Will Not Take Place.

The elopement of Miss Cora Minnick of Marion, Ind., and her marriage to Walter Thompson at Indianapolis was the climax of an odd romance. It was a case of love at first sight. Grant Mann, a Marion merchant, was engaged to Miss Minnick, and their wedding was to have been celebrated within a few days. Three months ago he introduced his fiancée to Thompson, who then resided in Marion and was his roommate. Thompson became infatuated with her, and when he moved from Marion to Waterloo, Iowa, he commenced a correspondence with her. He won her heart and hand, and her engagement to Mann was broken. After their marriage Thompson and his bride left for Iowa, where they will reside. Mann is broken-hearted and has gone to California, where he will endeavor to forget his lost love.

CROWD WATCHES HOUSE FALL.

Pittsburg Building Topples Over Into Adjoining Excavation.

More than 3,000 persons watched a tall building crumble and fall in on 8th street, Pittsburg, near the Allegheny bridge. Henry Phillips had excavations made on the headgate of Fulton ditch, near Henderson, Colo., and breaking down the headgate, allowed an immense amount of water to flow into the ditch, thus saving their crops. When the gatekeeper tried to interfere with them they threatened him with death. Commissioner Banning reports he is unable to learn the name of a single person engaged in the attack. The headgate of Fulton ditch is some ten miles north of Denver, on the Platte, above Henderson.

ARMED FARMERS GET WATER.

Colorado Men Break Ditch Gates and Save Their Crops.

Superintendent of Irrigation Armstrong has received a report from Commissioner Banning of the water district that thirty farmers, fully armed, marched to the headgate of Fulton ditch, near Henderson, Colo., and breaking down the headgate, allowed an immense amount of water to flow into the ditch, thus saving their crops. When the gatekeeper tried to interfere with them they threatened him with death. Commissioner Banning reports he is unable to learn the name of a single person engaged in the attack. The headgate of Fulton ditch is some ten miles north of Denver, on the Platte, above Henderson.

Fifteen Convicts Escape.

Aided by dynamite sixteen desperate convicts, headed by Gus Hyatt, the train robber and desperado, and Doe, the Manchester train robber, made a bold dash for liberty from the Tennessee penitentiary at Nashville. Fifteen of them got clear of the premises, but Ed Carney, the Nashville safe blower, was killed, while Joe Loss and James Work were run down by bloodhounds and captured.

ADOPTS ALL THE ORPHANS.

A Michigan Man Unable to Choose from Twenty-two Children.

Mr. and Mrs. John Shandrow, of South Haven, Mich., have adopted a whole orphan asylum, twenty-two children in all. The twenty-two children are not all infants. Some of them are bright, rosy cheeked youngsters, already old enough to go to school. Mr. and Mrs. Shandrow have made more from a competence on the 100-acre fruit farm. It has been their lifelong regret that children have never been born to them. To please his wife, Shandrow wrote to the Smith Foundling Hospital in Minneapolis asking them to send him several children for a summer's outing, with the privilege of choosing from them in case he should want to adopt a boy. The Minneapolis institution is a small one and the management promptly forwarded the visible supply of children over 3 years of age—no less than twenty-two boys and girls. Mr. and Mrs. Shandrow are devout Methodists, and as amusing a sight as can well be imagined was enacted when they discovered that part of the children had never been baptized. The minister was promptly summoned and sight of the little ones christened at once. They have just decided to adopt all of them, of whom they are excessively fond.

OIL KILLS MOSQUITOES.

This Is the Reason Given Why There Is None at Marion, Ind.

While the rest of the country is fighting mosquitoes the Indiana oil field is free from the pests. Not a single specimen of the mosquito family has been seen at Marion, or in any neighboring cities this summer, the oil having destroyed the insects. Oil has collected in every stream and depression and killed the vegetation and the eggs that produce mosquitoes. Oil is in fact everywhere in Grant County is covered with it. New paint does no good, for it is hardly dry before particles of oil cover it. The residents once proclaimed Marion to be the prettiest city in Indiana, but they have now abandoned this position and are depending upon the fact that mosquitoes cannot live there to distinguish the community.

OIL CUSHER IN MANITOBA.

Well Yields 150 Barrels a Day—Much Drilling in Montana.

A gusher that spouts 150 barrels a day of illuminating oil has been struck in the Flat Head valley just over the Manitoba border, directly north of Kalispell, Mont. The importance of this discovery lies in the fact that many other wells are being drilled on the Montana side near the Great Northern Railroad and the drills have encountered the same formation as that of this spouter. Oil experts have declared this a promising locality, and many companies have been formed and are acquiring land in that locality, although much of it still belongs to the government.

WEST HAS HEAVY CROPS.

Monthly Report of Burlington Road Says Prospects Are Flattering.

The monthly crop report of the Chicago, Burlington and Quincy Railroad Company shows that in Iowa, Nebraska and southern Kansas the corn is rank and green, but a little late for the season. It doubtless will be the largest crop ever grown in the West. Wheat in the same territory is very heavy and will yield not less than thirty bushels an acre. Oats are a good crop. The heavy rains have done little damage.

Thousands Die of Cholera.

While cholera is decreasing in Manila the reports received from the provinces show a large number of cases and deaths. On a recent Saturday there were 605 cases and 525 deaths from cholera in the provinces. Since the outbreak of the epidemic there have been throughout the archipelago a total of 21,408 cases of cholera and 16,105 deaths.

Chicago, Feb. 15, 1898.

Henry Garben, Proprietor, Minerva Mineral Springs, Cary, Ill.: Dear Sir—On the 31st of January of this year I visited your spring at Cary, Ill., and personally took samples of water from it. From the very favorable results of my examination and tests, and from the additional fact that Prof. Wheeler found neither nitrates nor nitrites in the water, I am led to the conclusion that the water from your spring is practically free from organic matter and is one of great purity.

When I visited your spring I noticed with much interest the use of your patented device for protecting it from surface contamination, and I believe, as the results of my observation and tests, that the object is fully accomplished. Yours respectfully,

WALTER S. HAINES.

For Rheumatism, Stomach, Liver or Kidney troubles Deer Lick Mineral Water has no superior. The following testimonials from well-known physicians and prominent citizens tell a true story: The Medical Standard for January, 1901, says:

"Of the many natural mineral waters on the market we have some from American springs which meet the indications of many diseased conditions, such as dyspepsia, indigestion, constipation, Bright's disease. We wish especially to call attention to the Deer Lick Mineral Water. The Sulphate of Soda is the chief constituent of Carlsbad, Marienbad, Rubinat and Condat waters, and it occurs, associated with much magnesium sulphate in Aesculap, Hunyadi Janos, Friedrichshall and Kissinger waters."

The Deer Lick Mineral Water is in reality a more efficient alternative and eliminant than any of these celebrated waters. Besides, it has valuable constituents which they do not possess, and which indicate its use in numerous cases in which they are inert.

J. B. Murphy, M. D., 100 State street, Chicago, Sept. 22, 1899, writes: The Deer Lick Mineral Water is one of well-deserved reputation, and is destined to have a very extensive use by the profession and the laity.

E. H. Pratt, M. D., 100 State street, Chicago, Dec. 10, 1899, writes: I have thoroughly tested the practical value of the Deer Lick Mineral Water and deem it of great value in Stomach and Liver troubles, especially following the use of tobacco and alcohol. It is also a valuable tonic for overworked nervous systems.

Hon. Walter C. Nelson, 101 Washington street, Chicago, Nov. 18, 1891, writes: My wife has been a sufferer from liver complaint for a number of years. Having heard of Deer Lick Mineral Water, I was induced to have her give it a trial, and she is now taking the water. She feels that it has done her a great deal of good, and I can cheerfully recommend it to any one suffering the same trouble or for general debility.

L. Everingham, Room 80, Board of Trade Building, Chicago, Nov. 2, 1897, writes: I have used several cases of Deer Lick Mineral Water with good results and consider it an excellent tonic, and one of nature's best restoratives.

A. L. Sweet, President Chicago, Wilmington and Vermillion Coal Company, Chicago, Feb. 25, 1901, writes: I had been troubled for years with gas in my stomach after meals, which at times affected my heart and caused great suffering. I consulted some of the best specialists for this trouble, but found no permanent relief until I began taking Deer Lick Mineral Water. I have now no trouble with either my stomach or heart, and I most cheerfully recommend the Water to any one so afflicted. Write for a treatise on Natural Deer Lick Mineral Water. Address the Deer Lick Mineral Spring Company, 185 Dearborn street, Chicago, Ill.; Telephone Central 2009.

Bestley's Waukegan Brewing Company. It is with pleasure that we call the attention of the trade, and private families, to the fact that owing to the increasing demand for bottled ale and porter of undoubted purity and of the finest quality, we are now bottling the same under our own supervision. The frequent use of adulterants and substitutes for malt and hops in the manufacture of malt liquors has resulted in an inquiry for an article of domestic manufacture, wholly free from anything of a harmful or deleterious nature, and at a price that would commend its use to all. The failure hitherto to obtain such an article has led consumers to purchase imported goods at a high price. Therefore we are prepared to place on the market bottled ale and porter unequalled in quality, equal in every respect to the imported, at a much lower price. Our goods being manufactured from the choicest barley malt and the best hops in the market, and being bottled by ourselves at Waukegan, enables us to offer to our customers an absolute guarantee of their purity and quality. Families can obtain these goods of all the leading fancy grocers, the principal hotels, restaurants and druggists. BESTLEY'S WAUKEGAN BREWING CO.
